RE: Notice of Oral *Ex Parte* Presentations – WT Docket No. 05-302

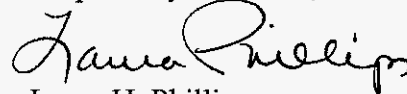

Dear Ms. Dortch:

On November 10, 2005, Todd Lantor, Chief Regulatory Counsel of Nextel Partners, Inc., together with Jason Friedrich of Drinker Biddle & Reath and the undersigned, met with John Giusti, Legal Advisor to Commissioner Michael Copps for Spectrum and International Issues.

During the meeting, the participants discussed the substance of Nextel Partners, Inc.'s Petition for Limited Waiver of the December 31, 2005 deadline for achieving ninety-five percent penetration of A-GPS capable handsets, associated with the above-captioned docket. Specifically, the participants discussed the characteristics of Nextel Partners' markets and the challenges they pose for E911 implementation. The participants also discussed Nextel Partners' marketing plans to encourage subscribers to upgrade either their handset software or their non-A-GPS capable handsets as well as the company's projected timetable for compliance with the ninety-five percent penetration benchmark.

If you have any questions, please contact the undersigned.

Respectfully submitted,

Laura H. Phillips

Counsel, Nextel Partners, Inc.
